Needs oxygen

Needs oxygen

Reach health facility

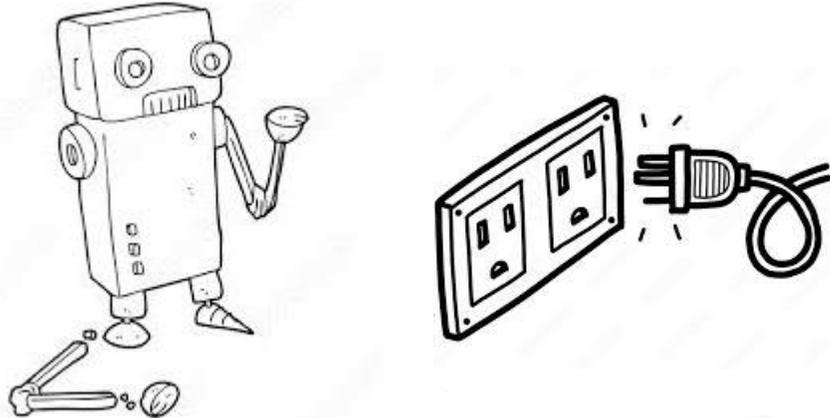

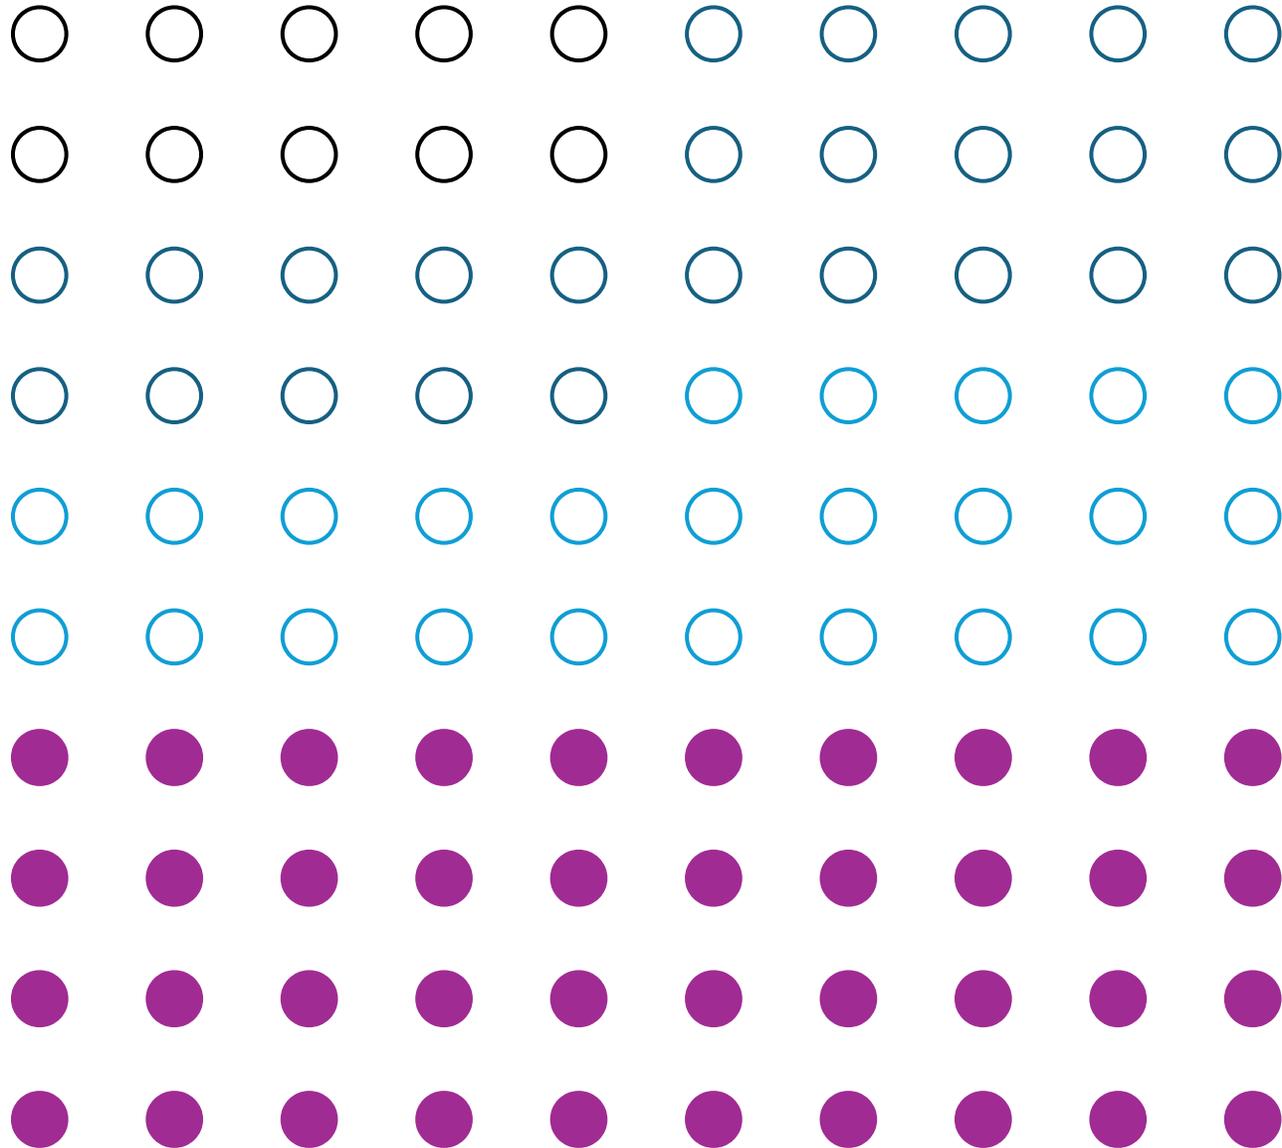

Needs oxygen

Reaches health facility

Facility oxygen ready

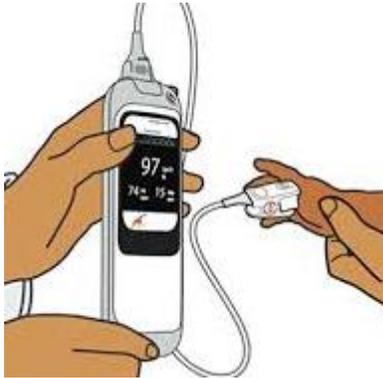

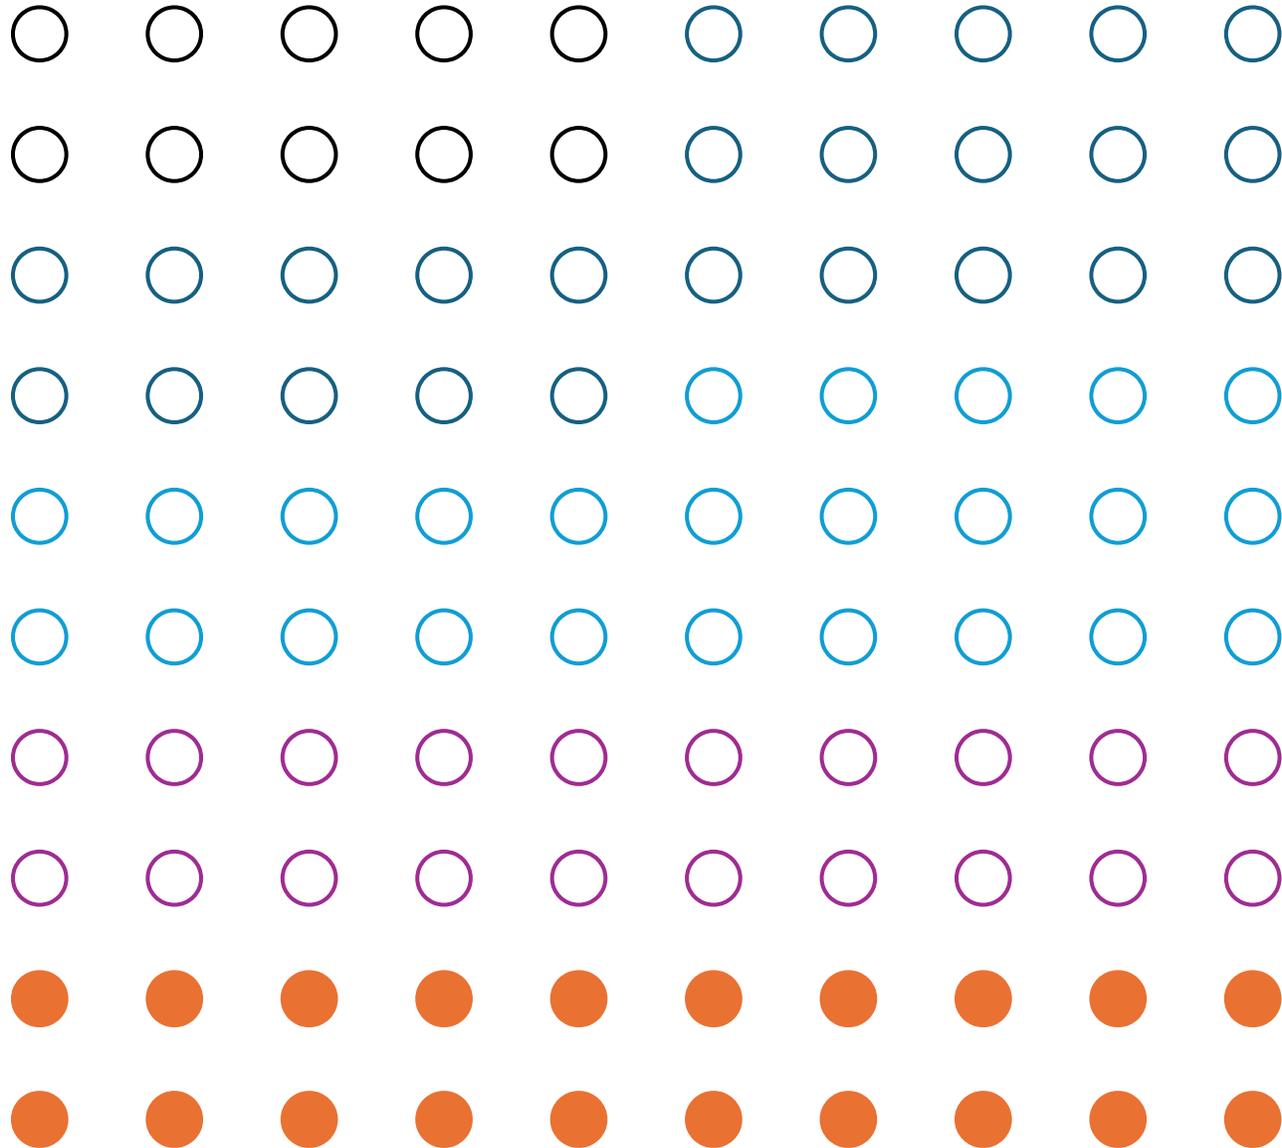

Needs oxygen

Reaches health facility

Facility oxygen ready

Receives oxygen

Needs oxygen

Reaches health facility

Facility oxygen ready

Receives oxygen

Receives quality oxygen

THE LANCET GLOBAL HEALTH COMMISSION MEDICAL OXYGEN SECURITY

Good news – we know what works

Keep people at the centre

Look beyond equipment provision

Systems approach

Focus on essential oxygen services

Address existing inequities – rural, poor

Context-appropriate solutions

THE **LANCET GLOBAL HEALTH** COMMISSION **MEDICAL OXYGEN SECURITY**

- Global estimates on oxygen need and current coverage gap
- Wicked challenges and their solutions
- Best practice examples and case studies
- Cost analysis and \$\$ to fill the coverage gap
- Launch new Indicators and Policy Scorecard
